

CULTURE DAY AT

E**G** EraclidesGelman

Celebrating our Diversity

Eraclides Gelman is a very diverse place to work, and that is a part of what makes us a great firm. As part of our Diversity focus initiative, we want to create more opportunities to celebrate the multi-cultural group that makes us who we are. Beginning January 2022, all full time employees will be given an extra floating holiday for Culture Day. This additional floating holiday is designed for employees to celebrate and honor their culture, heritage or affiliations based on their own individual preferences. We encourage the day to be used by our employees to celebrate their own culture, engage in community service, spend time with family or as an opportunity to learn about diversity within the community.
