Workers' Compensation Defense

Our firm represents many national insurance carriers and third party administrators, as well as large national retailers, PEO's, staffing companies, hospitals, municipalities and other businesses. We defend workers' compensation fraud charges, compensability disputes, medical causation disputes, coverage disputes, and any and all matters within the workers' compensation system.

Medicare Compliance

Our firm's Medicare Compliance Department, made up of MSCC certified attorneys and specialized support staff, manages the intricacies of the Medicare Secondary Payer Statute in both the workers' compensation and liability arenas from a legal perspective. This includes determining when a Medicare Set Aside is advisable, preparing well-reasoned MSA allocations, submitting MSA proposals to CMS for review when appropriate, conducting Conditional Payment inquiries, obtaining reductions in Conditional Payment demands, preparing protective language in settlements, and providing consulting and mediation assistance in claims with Medicare implications. We also provide educational services in this area for our clients, tailored to their particular needs.
